STARTERS

Menu.ca is an online ordering and marketing service, designed and developed by two Ottawa business owners, Chris Bouziotas, a successful restaurant owner, and James Walker, an internet marketing pioneer.

They have combined their decades of experience to provide a platform for takeout and delivery services that restaurants need to compete in today's market.

BEST SELLERS

Menu.ca has provided online ordering systems for local National Capital restaurants, including Papa Joe's Pizza and Kanata Noodle House. Menu.ca is helping to increase their online orders as well as making it easier for Ottawa's residents to order food from their favourite eateries.
